Jeff

Hope all is well and that you and your family are healthy. One of my staff members listened in to you earlier this week and heard your take on the Damsker Model of reopening schools - throw the doors wide open and welcoming EVERYONE back.

Been disagreeing with Dr Damsker since early March. He thought would should never have left school let alone all of the other guidance from Fauci, Birx, and the CDC.

Our 90 + person taskforce have been working nearly round the clock on our template and presentation made Thursday night. Five Board members have ES level kids and three are no-maskers. So they pushed back. Teachers and most parents are with us on how to open. We are going to conduct town hall mtgs for every school via Zoom the week after next then survey again.

With forward my reflection to my board so you grasp what my awesome admin team is thinking. Any counsel would be appreciated.

Best. Bill
